Download an extra tv now - Do you have to fight for the tv remote? Do you wish you had another TV? Now you can literally download an extra tv and instantly turn your computer into a Super TV, over 3000 satellite stations on your PC or Laptop for free!!

Many pc users are now watching hundreds of LIVE worldwide tv channels on their PCs, free of charge using Pc Satellite TV software, you can watch: Sports, News, Movies, Music, Weather, Kids Channels, Educational, Shopping, Clips + satellite Radio Stations and much, much more!

You can also watch the Big Games LIVE without any additional fee or subscription!

Tired of missing the Big Game because your tv company doesn't carry it? Are you a sports fan who wants LIVE coverage daily? With a pc tv satellite system you are likely to be satisfied by the large range of tv events/games covered by global satellite networks. You could be anywhere in the world, with a pc it doesn't matter, watch pc satellite TV on your pc in English, Spanish, German, Arabic, French, Italian, Russian, Dutch and more! You may also browse world satellite TV on pc by regions or by country name.

Interestingly, no extra hardware or tv card is required for a pc satellite tv setup. There is no need to buy extra hardware equipment or a PC TV card because the pc satellite TV channels are streamed through your internet connection. You just need an internet connection (the faster your internet speed the better picture you will get). It even works with a 56k connection. (A Broadband connection will deliver superior audio and video quality).
